

HSDR10

ALL-IN-ONE
WIRELESS HEADSET

YOUR CREW. CONNECTED.

The new CrewPlex DR10 All-in-One wireless headset combines the proven performance of DR10 beltpacks with the comfortable fit, exceptional noise isolation, and flip-up microphone muting technology of the SmartBoom® PRO headset, but without the wire. The DR10 beltpack technology has been engineered to fit into the SmartBoom PRO headset.

Available in single-ear and dual-ear configurations, the wireless headset is lightweight and its adjustable all-in-one design allows for comfortable all-day use.

For those applications where budget and reliable performance are critical, the DR10 All-In-One headset is a high-quality wireless intercom solution that delivers flexible user options, great sound, and superior range, all at an affordable price.

CREWPLEX DR10 ALL-IN-ONE WIRELESS HEADSET 6+6 DROP-IN CHARGER

INDUSTRY'S FIRST!

Introducing the industry's first drop-in-charger for the CrewPlex DR10 All-in-One Wireless headset. The charger holds up to six individual headsets (single-ear or dual-ear) which can be placed on the charger without having to remove the battery or plug in a cord. The entire headset is simply placed on the charger for quick and efficient charging!

Users can also charge up to six additional batteries (sold separately) for simultaneous wireless headset and spare battery charging capabilities.
